

ICS In-Person Learning

IN-PERSON LEARNING AT ICS

FACEMASKS • TEMPERATURE CHECKS • SOCIAL DISTANCING
FREQUENT HAND WASHING • HAND SANITIZER
CLEANING & DISINFECTING OF SCHOOL BUILDING
BUS SAFETY GUIDELINES

Students learning In-Person are kept in **cohorts** (small groups that stay together) for all parts of the learning day with limited intermixing.

Safety first! The health and safety of our students, teachers, staff and community are our highest priority. Please refer to our [Guidelines for a Safe Return to School](#) that includes a number of measures put in place for this school year, including but not limited to wearing facemasks, frequent handwashing, use of hand sanitizer, maintaining social distancing, daily temperature checks, group cohorts, bus safety guidelines and more.

New learning management system (LSM) software will provide a cohesive platform for lesson plans and student assessments. Our new LSM will also simplify the number of tools that families have to navigate and put more information at parents' fingertips.

Greater academic rigor and accountability of learning through our new standards based grading and reporting.

Additional teachers and support for students. Classroom teachers will focus on In-Person Learning while newly added Remote Learning teachers will focus on students learning from home. Classroom teachers and Remote Learning teachers will work closely together to provide seamless instruction and support for all students.
